

This is to certify that  
**JBJ Techniques Ltd**

---

28 Trowers Way, Redhill, RH1 2LW, Surrey

Has been assessed  
by Hilmi Tin for IT Governance Ltd  
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials

Scope: Internet facing infrastructure for JBJ Techniques Ltd. Including firewall, routers, end user devices and hosted systems located at United Kingdom

Certification date: March 19th, 2019

Recommended re-assessment date: **March 18th, 2020**

Certificate no.: 9082827851805886

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
